

BH 55

Gasoline Breakers

The entry-level model for demolition: BH 55

The BH 55 gasoline demolition hammer is the entry-level model among demolition hammers. Lighter and smaller than the other demolition hammers in the Wacker Neuson series, it designed for professional use and impresses with its compact size and ease of use.

- 55 joules of single stroke impact energy
- 1,300 blows per minute
- Economical and low-emission Wacker Neuson motor of in-house design
- Simple percussion system maintenance on site with a small grease gun over the central zerck fitting
- Shanks for all common tools

Extremely practical:
Refueling is possible while the unit is in the vertical and horizontal positions.
