

## MP500/15E

### MP Heavy Duty High-Pressure Water Blaster

The series of high-pressure Water Blasters offer powerful and cost efficient cleaning for professional users

1

#### Industries/ Segments

- Cleaning Contractors.
- Manufacturing.
- Building & Construction
- Marine / ship management
- Agriculture

#### Application Area

- Removing of paint, markings, graffiti and rust on steel and concrete surfaces
- Cleaning scaffolding material
- Removing lime scale deposits and marine growth
- Cleaning construction machinery and equipment
- Deck & cargo hold cleaning
- Dust free sand blasting
- Concrete removal

#### Technical Data:

Pressure:	Bar	500
Flow:	L/min.	15
Power consumption	Kw	15
Power supply:	V	380·415/3ph 50Hz
Motor spec:	Rpm	1450
Weight	kg	180

#### Features

- Solid, galvanized & powder-coated frame
- Stainless Steel top cover for lasting protection & hose storage
- Big handle for easy maneuvering and storage of cables & hoses
- Easy access to pump for service & maintenance
- Comes with low voltage controls, fuses, overload relay and isolator
- Latest pump technology for long running hours
- Inlet filtration system
- Star / delta Starter box
- Triplex / Multiplex pump with ceramic plungers
- Powerful durable Motor, IP54 classification, class F insulation
