

"MP" Electric Heater

"MP" 工業電動加熱器

1

1. Heating element : Stainless steel
2. Adjustable thermostat control
3. Overheat protection
4. With fan
5. Free standing & portable type
6. No fumes, no odours, no humidity
7. Strong and long lasting construction
8. With time-delay
9. Can adjust the angle about 30° according to using surrounding and to get more large air output.
10. 5-30KW with relay
11. Waterproof class IPX4
