

**ALUMINIUM SINGLE ACTING CYLINDERS, SPRING RETURN****LARZEP advantages**

- Lightweight general purpose cylinders from 23 to 200 Tn, stroke up to 300 mm.
- Made out of high strength aluminium alloy.
- Solid piston, spring return.
- All aluminium parts are treated to improve resistance and extend working life.
- 40% weight reduction when compared with steel equivalent.
- Fitted with steel base plate and saddle for wear resistance.
- Not suitable for high cycle applications.

Carefully read and understand the safety instructions.

Coupler 3/8\"-18 NPT included.

Larzep manufactures special aluminium cylinders. For further information, contact us.

S/A ALUMINIUM CYLINDERS

**SAM**

23-200 Tn.

700 bar

CYLINDERS

The body, stop ring and piston of the cylinder are hard anodized to strengthen the working area and extend its working life.

The weight reduction makes them especially suitable for use in sites of difficult access.

It is highly recommended to place the cylinder on a flat area in order to avoid any damage to the base.

Lightweight Aluminium Hollow Piston Cylinders SAH.
